

Greetings from the 2021 IEEE PowerAfrica Committee,

Are you willing to Volunteer your time and expertise as a reviewer to make PowerAfrica 2021 a success by serving as a member of The Technical Program - Review Committee

Call for Papers >> <https://ieee-powerafrica.org/call-for-papers>

Submit your application

<https://forms.gle/KmK4KwREeMTGqVkh7>

Applications are invited from academics, experts and specialists in the Thematic areas below.

1. Track 1: Smart Grid Design and Stability Analyses.
2. Track 2: Power Electronics: Power electronic converters and control systems.
3. Track 3: Renewables and storages
4. Track 4: Power Systems: Power system planning; Power system planning, energy pricing policies, and retail markets.
5. Track 5: ICT and embedded systems for smart grids; Industry 4.0, cyber security.
6. Track 6: Standards and safety issues in Africa.
7. Track 7: PhD Forum;
8. Track 8: Short papers
 - a. Smart Village
 - b. Smart Grid Design and Stability Analyses
 - c. Renewables and storages
 - d. Power Systems
 - e. ICT and embedded systems for smart grids
 - f. Standards and safety issues in Africa

The fair and timely review process done by the reviewers is the key factor for the selection of high-quality papers for presentation and publication. We greatly appreciate reviewers for their contribution to the success of the conference. If you have previously participated as a reviewer we encourage you to register again this year. We also invite new reviewers to join. All reviewers will be guided by the respective Track Chairs on the process.

The conference is accepting both Full and Short Papers (aimed at practitioners) that will be submitted directly to each track via the EasyChair online submission system. As with the submission of papers, reviewing of the papers will be done online on EasyChair.

If you agree to review, please expect to receive 2 or 3 papers by April 1st 2021. You should be available to complete the reviews to abide by the notification schedules.

We do hope that you will find the time to assist us with this important review process, and consider submitting a paper yourself. Please, circulate this message to your colleagues whom you think would be able and willing to contribute.

Regards,
Technical Program Committee Chairs,
2021 IEEE PowerAfrica Conference
